

Family Engagement

Hide-n-Sseek Christian Day Care is a STAR 3 provider and has served as a state licensed facility since 1995. We serve families in Central PA and reach out to families in many ways.

Our "Muffins for Mom" day and our "Donuts for Dad" days are simply days that honor the mothers and fathers of the children we serve--it is only with the Parents' support that we are able to serve these children in the early childhood field. The moms and dads are invited to join their children on the appropriate day prior to the start of their busy day by enjoying a muffin (or donut respectively) and morning refreshments in their child's classroom. This not only engages the parent but it also allows the child to share their accomplishments within their early learning environments.

Our preschool graduation included 22 "graduates" this year. The graduates were from both our STARS preschool classroom as well as our Pre K Counts classroom. We had over 100 family members and friends attend the event to celebrate the accomplishments and successes of these preschoolers.

We also celebrated "mud day" as participants in this "National Mud Day Event". Children from all over the world participated--from the muddy rivers of Africa to the sensory tables of our preschool playgrounds. We had a grand time...from serving "mud pies" for snack to mud painting, mud hand prints, mud castles and mudding roads.
