

Are you interested in...

...Attending a **Mind in the Making** (MITM) workshop series? MITM is a very different kind of learning experience. The MITM modules are a 12-part learning process that uses research on children's development, including classic and recent studies, on how children learn and how teachers can encourage engaged learning.

...Receiving a **Health Consultation**? A Child Care Health Consultant will provide on-site observations and technical assistance about health and safety at early care and education programs. Supports could include oral health issues, SIDS prevention and improving health and safety in the environment and with personal care routines.

If you are interested in Mind in the Making, Health Consultation or both please complete the form below and return to :
