

WHAT IS THE SUPPORTIVE HOUSING PROGRAM

?

The **Supportive Housing Program (SHP)** is a focused housing initiative to assist in securing or maintaining stable housing arrangements for:

- **renters in danger of being evicted**
- **homeowners in danger of foreclosure** (referral assistance only)
- **homeless Lycoming County residents** (sheltered or unsheltered)

All clients will work with STEP's Service Navigation staff to identify and address issues that impede individuals and families from becoming self-sufficient.
