Office of Aging

Providing services that allow senior residents of Lycoming and Clinton counties to be active in the community and remain in their own homes.

STEP Office of Aging is part of the Independent Living Pathway to Success

In-Home Services

For individuals age 60 or older

In-Home Services help individuals to remain in their own homes as long as possible.

Meals-on-Wheels, personal care, emergency response systems, home modifications, and light cleaning are just some of the services that may be available to you in your home.

If a long-term care facility is necessary, our agency is there to provide assessment and placement services.

Protective Services

For individuals age 60 or older

The Older Adults Protective Services Act empowers the Office of Aging to investigate reports of abuse, neglect, financial exploitation, abandonment, or other situations that put an individual, or their finances, at imminent risk. If you believe a senior citizen (age 60 and over) needs Protective Services, call our 24-hour hotline to make a report: 1-800-332-8555.

Assessment/Care Management

For individuals age 60 or older

STEP Office of Aging will assess, develop a care plan, and coordinate the services an individual receives and provide access to the entire range of available services, assuring that individual needs are met.

Centers for Healthy Aging

For individuals age 60 or older

STEP's Centers for Healthy Aging provide a variety of exciting and fun activities, as well as a hot meal at lunch time.
